

ILUMINÁRIA HIGHLIGHT

Highlight is Cosign's new LED luminaire profile which, in combination with the SloanLED® HighLiner II modules or other LED modules, provides the perfect solution for creating decorative wall washers or illuminating large surfaces like billboards, advertising signs, freestanding signs and totem pylons.

The elliptical shaped aluminium profile is supplied including endcaps, a special LED diffusing opal polycarbonate cover, easy-to install wall brackets, spacer profiles and a hinge bracket which allows the profile to be set in the right angle to ensure an optimal light distribution.
