TORINO Outdoor Totem

An up-to-date presentation – thanks to its elegant appearance, the TORINO outdoor stand goes with every architecture.

Technical data:

Each side has two satined ESG - discs 1000 x 1000 x 6 mm that serve as information panels. These are attached to the side posts made of aluminium in anodized silver 66 x 66 x 2000 mm using stainless steel spacing elements (Ø 22 mm | 15 mm gap). The standard means of installation is on side posts lengthened by 500 mm (steel 60 x 60 mm). Information about foundation plan and statics can be found on page 196.
