# MAXWAY

ideia
duarte & vieira, lda
Lisboa - Loulé

Clear and classic → MAXWAY Quattro can be used in various situations. The colour can be defined by the use of finishing rails or foil inserts. When using paper inserts the layout can be customized. The integrated anti-theft device is a unique selling point.

- plastic
- paperflexible
- lockable

MAXWAY Quattro Door Sign for wall mounting – paperflexible

| sign size	art. no.
height x width in mm	
144 x 144	i8005 – a*

*   MAXWAY Quattro door signs are available with edge rails in all our 17 MPC–F colours (F1 – F17).
      Please specify the required colour number with the article number when ordering. For details, please refer to page 197.

Individual painting on request.

### ⓘ Installation and inserting the sign information

1

Clip on the edge rails and take the special key out of the back panel.

2

Fully insert the special key and pull gently towards you at the same time. Once the cover panel is open, fully …

3

… drill the holes, insert suitable dowels* and fasten the sign to the wall with two screws*. Swing the base panel back.

4

Insert the strips of text, paper inlay, foil or pictogram. Swing the cover panel down over the base panel and latch into place by pressing in the middle at the bottom.

*   Assembly material for wall mounting (screws and dowels) not included in delivery.
